

ELITE DANCE ACADEMY SAFETY POLICIES

Providing a safe environment inside and outside of the studio for all students and families is a top priority at Elite Dance Academy. Please review and follow these safety procedures and please inform anyone who may bring your child and drop them off for class of these policies as well.

- Please park in marked stalls and spaces adjacent to OUR BUILDING ONLY and along the fence where it is not red. All spaces running along the back of our building are available for parking as well.
- Please be respectful of the other businesses in our center and do not park or wait in front of the neighboring buildings.
- Parents of level one and up students are encouraged to drop off and pick up students. This will help with parking congestion. Please do not stop your car in front of our front door at any time to drop off or pick up students.
- Pull into a marked stall or all the way up to the fire hydrant before stopping to drop off.
- Do not double park behind parked cars and wait or leave your car unattended when dropping off students.
- Do not at anytime, stop and drop off or park on Batavia.
- If you need to drop off a young dancer and a spot is not yet available, call the front office and the office staff will be happy to come and escort your child to class while you wait for a parking spot. Be patient as spots continuously become available.
- Please advise your students waiting to be picked up to wait inside the building.
